Enchanted Forest Sanctuary Trail Map

The Sanctuary

The Enchanted Forest Sanctuary (EFS) was the first property acquired by the Environmentally Endangered Lands (EEL) Program, making it the “flagship” Sanctuary for the EEL Program. The 472-acre Sanctuary is part of a network of protected lands the EEL Program is helping establish throughout Brevard County.

Located in southern Titusville, EFS protects seven of over 20 natural habitats found in Brevard. Several hiking trails totaling over 4 miles allow visitors to wind through oak-saw palmetto scrub, mesic and hydric hammocks.

Hiking, wildlife observation, and nature photography are popular recreational activities in the Sanctuary.

Living Heritage

The Sanctuary is a refuge for over 250 species of plants and 150 species of mammals, reptiles, birds and butterflies. Wildlife found here include: Bald Eagles, white-tailed deer and bobcats. Listed species include: eastern indigo snakes, Florida scrub lizards, gopher tortoises, spreading pinweed, giant airplants and cardinal flower.

The diversity of plant life in the Sanctuary is a result of both temperate (northern) and subtropical (southern) species being able to coexist in the Sanctuary.

Two major cultural resources bisect the Sanctuary: the Hernandez - Capron Trail (1838) and the Addison/ Ellis Canal (1913). These features tell stories that offer visitors a peek into Brevard’s unique history.

The Center

Located inside the Management and Education Center are interactive educational exhibits, hands-on classroom, reference library, gift shop and restrooms.

EFS also features a screened porch, butterfly garden, picnic area, amphitheater and the Enchanted Crossing—an interpretive 500-foot nature trail with a stabilized surface for universal accessibility. All features of the Center and the Enchanted Crossing trail are focused on accessibility for all people regardless of age or ability.

With its ideal arrangement for field trips, research projects, and classes - educational opportunities abound at the EFS! Programs include guide trainings, school programs, special events and Scout workshops.

Volunteer Opportunities

Volunteers are an essential part of EFS! Join in the fun while you help provide services that keep the Sanctuary working. Areas of need include: greeting visitors, education programs, gardening, clean-ups, Gift Shoppe and more!

Other Nearby EEL Sanctuaries

Dicerandra Scrub Sanctuary 4900 Melissa Dr., Titusville

Located 2.5 miles north of EFS; this Sanctuary features a 1-mile hiking trail and is home to the Titusville mint - found only in north Brevard.

Fox Lake Sanctuary (Entrance next to Fox Lake Park boat ramp)

Located 7.5 miles north-west of EFS; this Sanctuary features over 7 miles of hiking, biking and equestrian trails, two kayak/canoe landings and two overlooks.

Environmentally Endangered Lands

The EEL Program was established in 1990 to protect the natural habitats of Brevard County by acquiring environmentally sensitive lands for conservation, passive recreation and environmental education. This initiative made conservation history when citizens voted to tax themselves for acquisition and maintenance of Brevard’s natural areas.

Connected Lands Provide a Bridge for Biodiversity...

Conservation Lands Work To...

- ✎ Protect rare and endangered species
- ✎ Improve wildlife habitat
- ✎ Protect aquifer recharge areas
- ✎ Provide passive recreation
- ✎ Serve as living classrooms
- ✎ Improve our health and quality of life
- ✎ Benefit our local economy

Visitor Guidelines

- ✎ All plant and animal life is protected
- ✎ Please do not feed, disturb or harm wildlife
- ✎ Park in established areas only—do not block roads or gates
- ✎ Bicycles, ATVs and tracked vehicles are prohibited
- ✎ Pets, smoking, alcohol and open carry of firearms are prohibited (FL Stat. 790.053)
- ✎ Stay on the trail for personal safety and protection of the natural environment
- ✎ Hunting prohibited
